## TABLEDRAPES

An elegant, yet simple way to drape your table. Imprint it for added visual impact. Table Throws create a finished look, yet are an easy way to drape a table since no attachment clips are required. Available in standard sizes for 6 ft. and 8 ft. tables (*Custom sizes are available*).

Table Throws available in two styles:

### **FREE-Throw**

Full coverage (4-sides) of table. Single piece of cloth (no seams). Corners are rounded to create soft folds. Fits 24" or 30" deep table tops. Most versatile & easy-to-use!

### **Form-Fitted Throw**

Form-fitted Throw with seams along table top & sides. Exact table dimensions required. Full coverage (4-sides) of table. Cannot be used on varying table top sizes.

## TABLE RUNNERS

An easy, yet effective way to display your logo on any size table! Table Runners cover only the center portion of the table. Mix & match the Runner with a Table Throw or Skirt, creating a unique and stylish look for the table. Your image is printed in the front drop area of the Table Runner (*Custom sizes are available*).

## TABLE BANNERS

Have multiple places to display your logo such as the front of a table or as a banner hung on a wall? Table Banners are the solution! When covering the front drop of a table, they capture attention without interfering with the existing table covering. And, they convert easily to a banner when hung from a velcro strip attached to a wall. Includes Plastic Clips (3/4" and 2") and Velcro Dots.

## TABLE SKIRTS

A classic, dressy look for your table. Available in two styles – SHIRRED (gathers) or FLAT (no gathers). Sewn with a velcro header, the Skirt fastens to the table with Plastic Clips placed on the table lip. Includes A Clips for 3/4" table. 2" Clips available below. Table Topper sold separately.

## BACKWALL DRAPES

Create a highly visible backdrop by imprinting your logo or custom graphic on a Drape! Drape panel measures 60" x 94", with a 4" rod pocket. Uses include backdrops for exhibit booths, wall coverings at indoor construction sites, and room dividers for meeting halls. To drape a 10 ft. wide backdrop, use three Drape panels to create a soft, pleated look.

## Fabric

Our Throws are made from the finest polyester fabric available - our exclusive Premier™ fabric. It is fire-retardant (required in public venues), machine-washable, wrinkle-resistant and possesses superior draping qualities. With Premier™ fabric, your Throw becomes a great marketing tool that enhances your image.

## Imprinting

Imprint your logo on a Table Throw and attract more attention! Image is printed on front drop area for maximum visual impact. Our superb quality Screen Printing yields an image that exactly matches your specifications and ensures that your Table Throw looks fresh & crisp after repeated uses (even after washing!). No additional charge for PMS ink color matching. Note – Digital printing also available.

## LOGO TABLEDRAPE CARE INSTRUCTIONS

Our tabledrapes are manufactured to the highest standards of quality and if cared for properly, will provide repeated use. These products are similar to fine garments and therefore, require care to preserve their exquisite appearance. Please follow these fabric care instructions exactly.

Washing Instructions: **HAND WASHING PREFERRED.** If machine-washed, wash separately in cold water on delicate cycle using a mild detergent, no bleach. Do not overload. - excessive heat and agitation will damage ink. *NOTE – We do not assume responsibility for items laundered by a commercial laundry!*

### Drying Instructions:

Tumble dry on permanent press - low heat - for five minutes and remove immediately to prevent overheating and wrinkling. If still damp, line dry. Excessive heat and agitation will damage ink.

### Ironing Instructions:

If ironing required, use low heat - **DO NOT IRON PRINTED AREA.**

*NOTE – We do not assume responsibility for items laundered by a commercial laundry!*

*\*\*\* do not dry clean - Ink will be damaged and Fire-retardant properties will be removed.*
